

ARUN KUMAR

Jaffna, Sri Lanka | 077 123 4567 | arun.kumar@example.com

PROFILE

Motivated software engineering undergraduate seeking an entry-level opportunity in web and backend development. Interested in ASP.NET Core, C#, SQL Server, JavaScript, HTML and CSS, with a strong willingness to learn and contribute to a development team.

SKILLS

- C#
- ASP.NET Core Web API
- SQL Server
- Entity Framework Core
- JavaScript
- HTML
- CSS
- Git/GitHub

EDUCATION

BSc (Hons) in Software Engineering

2024 - Present

Example University, Sri Lanka

PROJECT EXPERIENCE

Smart Recruitment Matching Platform

- Developed Job Seeker profile and CV upload features using ASP.NET Core Web API.
- Used Entity Framework Core with SQL Server for data persistence.
- Implemented DTOs, repositories, services, controllers and validation.

EXPERIENCE

Trainee / Academic Project Developer - 2026

Worked in a team-based software project, collaborated using GitHub, tested APIs with Swagger, and followed a layered backend structure.
